

**REMARKS**

Claims 1-14 are pending in the application. Claims 1-10, 12, and 14 have been amended to overcome the rejections under 35 USC 112, second paragraph. The amendments are fully supported by the application as originally filed.

Claims 1 and 14 were rejected under 35 USC 112, second paragraph as being indefinite. On page 2 of the Office Action of 02/01/2007, it was stated that claim 1 "fails to positively recite steps that are included in the method." Similarly, it was indicated that claim 14 "fails to positively recite means that are included in the device," and phrases using the word "can" were indicated as being indefinite. Independent claims 1 and 14 have been amended to positively recite the steps of the method (claim 1) and the limitations of the device (claim 14), and to remove phrases incorporating the word "can" (claim 14). Also, dependent claims 2-10 and 12 have been amended to positively recite steps of the method, and to remove reference characters. It is believed that the above amendments overcome the rejections under 35 USC 112, second paragraph.

It is believed that the claims are in condition for immediate allowance, which action is earnestly solicited.

Respectfully submitted,

/Steven M. Jensen/
